

# HackersUTD

The purpose of HackersUTD is to provide a place for discussion and interaction of a group of individuals interested in participating in hackathons. The organization will not only provide information for upcoming hackathons in the region that the members can participate in, but also will organize at least one hackathon at UT Dallas per calendar school year.

----- So what are we doing in spring? -----

Coming soon

# HackDFW

Spring 2015 · University of Texas at Dallas

**500+**  
participants

**Feb 21-22**  
spring 2015

**Fair Park**  
227 acres of hackers
